

16th October 2020

Dear Parents / Guardians,

We are in the process of improving and upgrading our transportation service. Beaconhouse will put our best effort to make sure all students can arrive at school and go back home in the safest way, within acceptable time. Moving towards this, we need to gather insights for us to properly plan and execute the actions. If your child is using a transporter to and/or from school, please fill up the form attached and submit to us accordingly.

If your child needs a school transport, kindly fill up and submit the attached form and we will try to gather all the information needed. Kindly be informed that we will need to reach a minimum number of students for each route before we can start the service for your area.

Kindly refer to the list attached. The listed transporters will be under our supervision.

Thank you.
